Waiting Railroad Decision

Three Year Dispute May Be Ended Today With Acceptance Of New Proposals

WASHINGTON (P)-An end to the ear ra 'road labor dispute seemed possible today as a trio of big unions prepared to give a yes or no ar swer to a White House peace

The unions representing 150,000 workers - the engineers, firemen and conductors - asked for another clarification meeting this morning with Chairman Leverett Edwards of the National Mediation

Top policy groups of the three unions were to vote later in the day on the contract plan offered by the White House to end the Major Part marathon labor dispute.

The carriers accepted the plan Monday soon after it was handed both sides by Presidential Assistant John R. Steelman, top White House labor mediator.

Oil Industry

Still Closed House labor mediator.

Steelman's plan would bring pay raises of 37 cents and 221/2 cents, respectively, to workers in the yards and workers on the roads, retroactive in part to October, 1950. Back pay of between \$600 and \$1,100 would go to each worker, costing the roads an estimated 100 million dollars.

a 40-hour work week n the yards and an additional 4-cent pay boost as each worker switched from a failed to reach back-to-work agreesix-day to a five-day week.

CLEVELAND (A) - Poisonous ozone, cosmic rays, boiling blood and drowning in the water of one's own body are a few of the hazards awaiting the first man to fly to the moon, says an authority on the earth's upper atmosphere.

What's more. Dr. Clayton S. White said in an interview, once the pilot of the future leaves the earth's atmosphere he must contend with speeding meteors and other flying bodies.

Dr. White, research director of Lovelace Clinic in Albuquerque, N.M., addressed a joint meeting of the Institute of Aeronautical Sciences and the Cleveland Academy of Medicine here last night. He said getting a rocket ship into the upper atmosphere is feas-

ible, but a great many problems must be solved before man can survive there-such as these: Oxygen starts to run out at 8.000 to 10,000 feet. Above 60,000 feet

there isn't any. At 2,000 feet the barometric pressure is down so much that decompression sickness hits the pilot. His blood boils and there is no room for anything but water in his lungs, causing him to drown. Around 60,000 feet there is a

poisonous concentration of ozone. Above that is intensive ultraviolet light from which earth dwellers are protected by the atmosphere. Then come X-rays from the sun and cosnic rays in high concen-

It gives this old familiar sign

TOULD you be interested in getting VV one gallon free with each tankful of gasoline you buy?

Then we can tell you this: It will certainly be worth your while to read this brief story of Buick's new Airpower carburetor.

Truth is—a skillful driver can just about double the bonus we mention, if he makes the most of what this year's ROADMASTER has to offer.

The reason you can get such a bonus traces to a pair of simple facts:

(1) It's a mixture of gasoline and air that gives you power.

(2) Buick engineers have come up with a four-barrel automatic carburetor that lets you use more gallons of air per gallon of fuel.

Most of the time, only two of these barrels are needed—and they feed such a thrifty mixture that you use less gasoline at 40 mph than you'd formerly use

But – when you want a quick burst of eager power vou can double the air supply as well as the gasoline feed—and come up with the highest horsepower that Buick's Fireball 8 Engine ever delivered.

Of course, any man who's buying a car as fine as a ROADMASTER wants a lot more than extra miles from a tankful of gas.

He wants the distinction of extra room, extra comfort, richer fabrics and all the other refinements that make a car truly fine.

He wants to ride with solid security. confident poise and lordly silence.

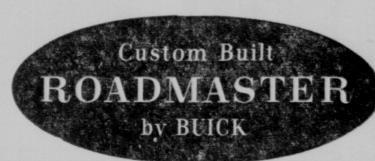

new meaning

And, while he may not admit it, he yearns for a car that's full of fun.

All this, we promise you, and more will be yours when you take the responsive wheel of a ROADMASTER.

How about doing that - soon?

Equipment, accessories, trim and models are subject to change without notice.

More Panty Raids, Less Damage, Loss

By The Associated Press

The collegiate panty raiders hit again in many sections of the nation last night but coeds and police stymied most of their efforts to filch lacy souvenirs.

There were some arrests and a few reports of damage.

In general, however, the undiesnatchers seemed somewhat less boisterous than the thousands of youths from nearly a dozen schools that joined in the latest college

sylvania last night 200 policemen and four fire engine companies ing two women's dormitories and a nurses' home. An estimated 1,500 to 2,000 youths were in the crowd. Twenty-two more rebellious students were taken to the police station and later released with

Coeds cooled off University of Kansas raiders with buckets of water tossed from upper windows. Several hundred men sought to en-

3 WAYS TO BUY CASH CREDIT LAY-AWAY

HIBBING, Minn. (A) - An insect invasion that will strip huge timber stands of foliage as completely as the autumn frosts confronts North-

ern Minnesota this summer. The marauders will be forest tent caterpillars - in uncounted

A number of communities, including Hibbing, had severe attacks last year. Millions of adult caterpillar moths, attracted from surrounding timberlands by street lights, coated trees with egg masses.

Some trees in Hibbing are estimated to have as many as 10 million eggs ready to hatch this month. Brick walls along Howard Street, Hibbing's main thoroughfare, were cemented with egg masses last summer when the frantic moths were unable to find trees on which to lay eggs.

Only an eighth of an inch long when hatched, the young caterpillar grows to nearly two inches in eight or nine weeks of steady feed-

Bodies of Four From Missing Yacht Are Found

BELLINGHAM, Wash. A -The wind-whipped wake of one of Puget Sound's worst yachting tragedies has revealed the bodies of four of seven persons who were aboard the 35-foot sailing sloop Prelude when it vanished Sunday evening.

An extensive search for the other three persons-now presumed dead -and the boat's wreckage is con-

The bodies of Mrs. Ellen Fordyce, her son Kenneth, 12, Ed. E. Jukes and Mrs. Donald W. Card were found yesterday in the waters between here and Orcas Island, some 15 miles to the southwest. Only Jukes was not wearing a life preserver.

Still missing are Paul Fordyce, the owner of the yacht, Donald Card and Mrs. Jukes.

South Africa Fights **Against Opponents** Of White Supremacy

CAPETOWN, South Africa (A)-Prime Minister Daniel F. Malan's Nationalist forces kept up their relentless fight today against opponents of their white supremacy

They kicked a Communist out of Parliament and ordered another off the Provincial Council of Cape

Both men represent the colored voters (persons of mixed blood) of Cape Province, the country's only non-white voting group. Nationalist legislation to insure an end to this voting right is awaiting approval by the Senate.

Baptists, Christians **Holding Joint Sessions**

CHICAGO (A)-Members of the American Baptist Convention and the International Conventon of Disciples of Christ held an unprecedented joint meeting for prayers and hymns last night

The joint session was attended by more than 15,000 persons. The two groups plan to meet again tonight and in a joint communion service Thursday evening, but their leaders say there are no

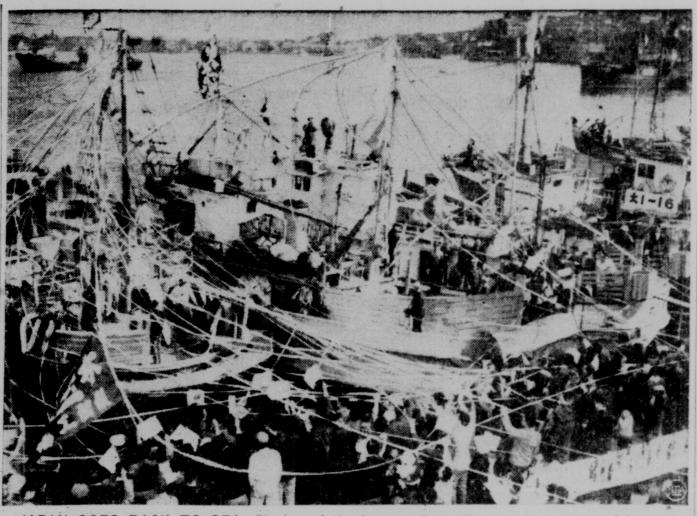

present plans to unite. Both groups are holding weeklong annual meetings simultaneously so they may have fellowship in several joint sessions.

Air Force Will Use Navy Measurements

WASHINGTON (A) - The Air Force will start using Navy measurements - knots and nautical instead of miles per hour

and statute miles - on July 1. The defense department, in making the announcement today, said the change had been approved by the Air Co-ordinating Committee, established by President Truman in 1946, in an effort to eliminate confusion in aircraft traffic control.

His Duties Under the U.S. Constitution, the only specific powers given to the vice president are to preside over the Senate, voting when there is a tie, and to succeed to the presidency when the president is disabled.

JAPAN COES BACK TO SEA-Signing of the Japanese Peace Treaty is occasion for fishermen of Hakodate, Japan, to celebrate, as they become free for the first time in ten years to cruise in the Northern Pacific. Flags atop the masts are flown to insure good fortune on the first voyage of more than 60 fishing boats. The fleet hunts for salmon and trout, for export to the United States,

Bright is right! It's 2 beers in 1

THAT'S Country Club

Only Country Club is made from 2 fully aged beers ... one light, one dry. Result: mmm!

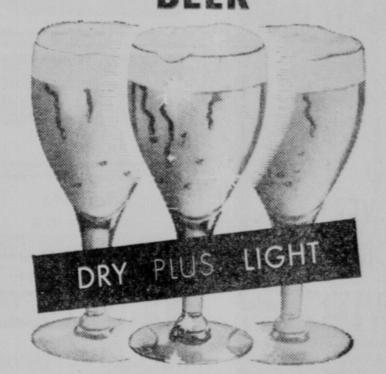

The Bright Beer!

You can find a smile for any household chore . . . over a sparkling glass of Country Club!

What pleasure there is in every sip of this completely different beer!

For Country Club—and only Country Club-is two beers in one! One beer is a light beer, complete and perfect in itself. One beer is a dry beer, brewed to perfection, too. Together they make the beer of matchless flavor-Country Club, the bright beer!

But why wait for a special excuse? You could be enjoying Country Club right now!

Honor Teachers Who Are Moving

CLARKSBURG -A basket sup-Velma Hodge and Mrs. Hartley Sappington, was enjoyed by students, parents, teachers and friends Monday, May 12.

Miss Hodge, who has been a resident of Clarksburg for many years and connected with the school for 31 years, is retiring and moving to California, Mo., where she has purchased a new home.

Mrs. Sappington, who has taught for several years, is moving to Kansas City where her husband has employment. Mr. Sappington formerly managed the MFA eleva-

The PTA business meeting was also held.

Commencement exercises for the nine graduates were held Thurs-

day evening, May 15. The speaker for the evening was Irving Lee Bush, Clinton. Following the presentation of diplomas, the eighth grade graduates were presented and given their diplomas. Graduation and commencement were held jointly because the speaker for the eighth grade was unable to be present. Both classes presented their programs as originally planned.

Crowd Attends Dinner Honoring Fortuna Pastor

By Mrs. Eva Shores

FORTUNA-A large crowd attended a reception and dinner Thursday night at the Baptist Church for their pastor, Rev. Streeter, Mrs. Streeter and family Donald Moon, who recently graduated from the Otterville High

School as valedictorian of his class, will enter the ministry. Mr. and Mrs. Homer Chambers and son, Johnny, of Kansas City spent the week-end here with Mrs. Chambers' mother and grand-

father, Mrs. Ada Drake and E. W.

daughter of Independence were week-end guests of her parents Mr. and Mrs. Jim Woolery. Mr and Mrs. John Elvin Woolery and family and Mr. and Mrs. Claude Woolery and family were additional guests in the home on Sun-

Mr. and Mrs. John Paxson of Kansas City and Mr. and Mrs Everett Paxson and daughter of California, Mo., were guests on Sunday of Bill Paxson. Mr. and Mrs. John Paxson were called to Syracuse by the death of her father, W. S. Poague.

Glenn Carson of Bethel, Kan spent the week-end here with his parents, Mr. and Mrs. Till H.

Carson. Mr. and Mrs. Dean Rimel and son of Kansas City spent the week-end here with their parents Mr. and Mrs. W. L. Rimel and Mr. and Mrs. Ott Meyers.

Mr. and Mrs. John Carter and children of Tipton and Mr. and Mrs. Billy Tom Lawson were guests on Sunday of Mr. and Mrs Virgil Carter.

Billie and Wesley Wehmeir of Kansas City spent the week-end here with their parents and sister, Mr. and Mrs. Fred Wehmeir and daughter, Vera. Billie enjoyed a fishing trip to the Lake while

Mr. and Mrs. W. A. Ferguson of California, Mo., and Mrs. Mary Ferguson were guests on Sunday of Mr. and Mrs. Jack McLennan

G. A. Shores spent several days in California, Mo., this week with his children, Mr. and Mrs. Marion Shores and Miss Vivian Shores. Mrs. Lucy Hickman of California, Mo., spent the week-end with Mr. and Mrs. Bob Mitzel. Mr. and Mrs. Arlie Fry and children of Sibley, Mo., have been recent guests of his parents Mr. and Mrs. Charley Fry.

Mrs. Sarah Tankersley is guest this week of Mr. and Mrs. Weaver Morgan near California,

George Albert and Dean Wilson Drake of Kansas City spent the week-end here with their parents, Mr. and Mrs. Edgar Drake.

Orville Tankersley, who has employment in Kansas City, spent the week-end here with his wife and children.

Grover Scott of Kansas City is visiting with relatives here. They are Mr. and Mrs. Marcellus Marriott and family and Mr. and Mrs E. M. Hays.

George Irey Jr. of Warrensburg spent the week-end here with his parents, Mr. and Mrs. George Irey Mrs. Chloe Wilson has returned from a trip to Oklahoma.

Mr. and Mrs. Edgar Monks of near Tipton spent Sunday with Mr. and Mrs. Norman Fry. Mrs. Edgar Drake and son Dean Wilson Drake, are guests of Mr. and Mrs. Vent Thomas Drake

and sons in Peoria, Ill. Cloyce Paxson, who has employment in Denver, Colo., spent the week-end here with his wife and

Mr. and Mrs. Ora Griswold and sons spent Sunday in Columbia

Mr. and Mrs. Albert Richardson have returned from a visit in Michigan with relatives.

Mr. and Mrs. John Ritchie, Mr and Mrs. Tom Putman, daughter, Norma, and Mr. and Mrs. Kenneth Ritchie, all of near Bunceton, Mr. and Mrs. Ralph Bull, Mr. and Mrs. John Monks and daughter and Sam Monks spent Sunday with Mr. and Mrs. Elmer Foley and Mrs. Delia Monks.

Miss Vera Wehmeir was a guest on Tuesday of Miss Jewell Dix. Mr. and Mrs. Victor Hofstetter and son, Mitchell, were visitors in California, Mo., on Saturday.

LAKE OF GOLSENA, Italy (AP) -A bit of Italian land on the shore of this limpid lake, about 60 miles north of Rome, has be-

come a British shrine. It holds the bodies of 700 Britwar. Many of their names are un-

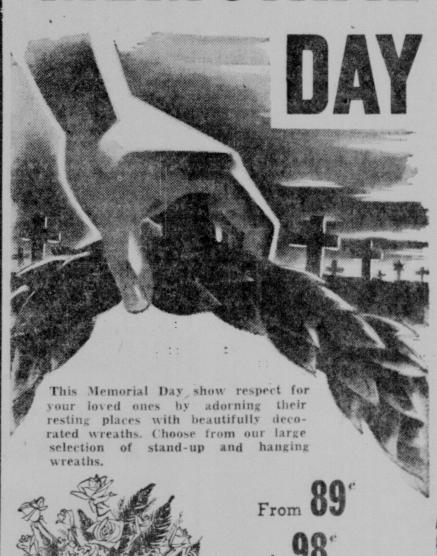

Among the many visitors to Italy who have paused here was Queen Elizabeth. Last year she and her escort, the Duke of Edinburgh, inspected the ordered rows of gravestones, alike except for their inscription.

Deadly Monoxide

Carbon monoxide poisoning, usually caused by operating an automobile in a closed garage, takes an annual toll of between 500 and 700 lives in the United States.

THE FIGHT AGAINST FLIES

There are not many changes in recommendations of sprays for either milk cows or beef cattle this year.

For dairy coys 50% Methoxychlor is in number one place for being safe and effective. Lindane is being recommended for dairy barns, also a mixture of Lindane and Methoxychlor that is put up by Du Pont and labeled Dairy Barn Spray, should be very satisfactory and economical. For a quick killer to be used immediately before milking we have an oil base spray containing Pyronone and a small amount of Methoxychlor.

For beef cattle D.D.T. is probably the best and cheapest spray to use unless a mixture of D.D.T, Benzene Hexachloride and Spreader Sticker is used This mixture is now packaged by DuPont.

Many farmers prefer an emulsifiable D.D.T. because it stays in suspension better than the powder, and of course, we have this in all sizes.

You can depend on us having the newest and best products to fight against flies.

Sedalia's Little League Minor diision now has a total of 160 players assigned to eight teams, each team being composed of 20 youngsters of the Minors between the ages of eight and 12. One more week of practice is on the schedule of the Minors before they being the league play which will begin on Thursday, June 3.

The Minors schedule has been set up for Tuesday, Wednesday and Thursday of each week at Housel

A listing of the playing membershould also check the schedule for in games it is scheduled in.

The following is the roster:

By DAVID J. WILKIE A PAutomotive Edtor

DETROIT (A)-There are a lot of good automobiles in the used car lots; an increasing number of new cars are coming from the assembly lines; if demand warrants the factories can further in-

All this spells out the fact that while some specific makes and models may be in short supply in the new car salesrooms this summer there isn't likely to be any real scarcity of motor vehicle

There has been considerable talk about a car shortage this summer; it has been in direct contradiction to statements made by representatives of dealer organization before the Senate Banking and Currency Committee.

Witnesses told the committee, considering the terms of a new national defense act, that controls, particularly credit restrictions, made it impossible for dealers to sell all the cars available. The restrictions on installment buying of automobiles since have been lifted by the Federal Reserve

New car sales have been moving upward, but not in the volume that suggests a mid-summer shortage. Seasonal influences coupled wth the lifting of installment buying restrictions should give a substantial boost to sales volume in the sec-

However, it is worth of note that in this year's January-March quarter new car registrations throughout the United States numbered only 919,715. That was the lowest first quarter total since 1949. But it is also worth of note that

the factories built only 980,689 cars in this year's firs three months and that 54.087 of these ere shipped to foreign markets.

The figures are important in any attempt to keep the auto industry picture in proper perspective. A goodly number of new cars were carried over from last year and houses and in transit from the

PURE SUGAR CAUSES TROUBLESOME STAIN!

Have you ever received a garment back from the cleaners with a stain on it! You're certain it wasn't there when you sent it for Dry Cleaning, and you wonder, "Is my cleaner in business to take spots out of my clothes or put spots on them." This has happened to many of us. Stains that are invisible when we send our clothes to be cleaned, and they appear as brown spots after cleaning, have cost cleaners countless claims and loss of customer confidence and good will. This has been a baffling problem for many years, and the National Institute of Cleaning and Dyeing has spent much time and money studying it from

1952

R. A. STANLEY He founded the Stanley Coal Company in 1892 and was its active president until his death in 1935.

CELEBRATING 60 YEARS

OF COAL HEATING SERVICE TO THE PEOPLE OF THE SEDALIA COMMUNITY

The Stanley Coal Company is celebrating its 60th Anniversary. About the first of May, 1892 Mr. A. R. Stanley purchased an established coal and wood yard located on East Second Street. Later the business was moved to 620 East Fifth Street and in 1914 another move was made to the present location at 120 North Ohio Street In the year 1913 the business was incorporated with R. A. Stanley, president. He

Many changes have been made in the fuel business since the "horse and wagon" days of 1892. The furnace has taken the place of wood and coal stoves.

remained the active head of the business until his death in 1935.

The stoker has made automatic heat possible and does away with hand firing. Stoker service (filling the hopper and removing the ashes) is now provided so that all firing work and worry is eliminated.

Coal Stoker

Modern mine equipment not only screens and washes the coal to remove all impurities but breaks it down into convenient sizes for every purpose. Most coal is oil treated and is delivered to the home without dirt or dust.

Through all these 60 years the Stanley Coal Company has kept step with the march of progress. We have a modernized yard-equipped with loading and unloading equipment. We will install a Stoker in your old furnace-or install a new Stokerized furnace in the home, business house, church or school. If you are gas minded, this firm is prepared to convert your present coal plant to a gas burning plant. We have modern vacuum cleaning equipment for the cleaning of furnace Gas Conversion Burner and heat runs.

> At this 60th Anniversary time, we want to evpress our appreciation to friends and customers throughout the city and surrounding territory for the patronage of past years and express the hope that we will be able to serve the community in an efficient and satisfactory manner for many years to come.
